

Boil Water Notice Rescinded
September 6, 2023

On September 4, 2023, the Texas commission of Environmental Quality required the City of Freeport public water system, TX0200005, to issue a boil water notice for the 600 and 700 Block of North Avenue G, east of Old River Street in the City of Freeport, to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary precautionary actions to ensure the quality and safety of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of September 6, 2023.

If you have any questions concerning this matter, you may contact Freeport City Hall at (979) 233-3526 or Veolia at (979) 233-4281.
