

**Boil Water Notice Rescinded  
October 18, 2023**

On October 16, 2023, the Texas commission of Environmental Quality required the City of Freeport public water system, TX0200005, to issue a boil water notice for the City of Freeport, from the N. Ave. F to N. Ave. I between Sweeny St. to Autrey St., to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of October 18, 2023.

If you have any questions concerning this matter, you may contact Freeport City Hall at (979) 233-3526 or Veolia at (979) 233-4281.
